THREE ADDITIONAL DRILL RIGS MOBILISING TO ACHMMACH

HIGHLIGHTS

- Kasbah signs a letter of intent with International Drilling company Spektra Jeotek (Spektra) for 30,000m of diamond drilling at Achmmach
- Spektra to immediately mobilise three (3) new diamond rigs to Achmmach
- Equipment to be onsite and operational next month
- Gap Zone drilling continues

SPEKTRA MOBILISES THREE DIAMOND RIGS TO ACHMMACH

Kasbah Resources Limited (Kasbah or the Company) is pleased to announce that Kasbah has signed a letter of intent to award 30,000m of diamond drilling to the international drilling company Spektra Jeotek AS (Spektra).

Spektra is a large, well funded and well resourced international drilling company. This year is Spektra's 25th year of operation and the company operates over 100 drill rigs. Spektra has worked extensively throughout Turkey, the Middle East and North Africa (including Morocco).

Spektra is immediately mobilising three (3) new diamond drill rigs, support equipment and personnel to Achmmach. It is expected that this equipment will be on site and operational during September 2011.

Kasbah's Managing Director, Wayne Bramwell said:

"The next major milestone for Kasbah is to increase the size and to upgrade the resource at Achmmach. This is one of the key inputs to the Pre-Feasibility Study and the ability to deliver this is directly linked to drilling productivity.

With Spektra's commitment to mobilising an additional three diamond rigs to Achmmach, Kasbah now targets to have up to five (5) diamond rigs operating by the last quarter of 2011.

*The potential of the Gap Zone to link resource blocks in the western end of the project to resource blocks in the east could be significant (**refer Figure 1**) and as such accelerating the infill drilling of the Gap Zone is our highest priority.*

Ends

For and on behalf of the Board,

Wayne Bramwell
Managing Director
